lisiyasstephen@gmail.com · <https://www.linkedin.com/in/lisiyas-stephen-089120158/>

A well-trained, thoughtful, and insightful pharmacist with about a decade of work experience in pharmacy management, health logistics, and supply chain management. I've overtime gained excellent organizational skills, strong interpersonal communication ability and extensive knowledge of medication and their use. I have interest in research, data analysis, quality patient care.

EXPERIENCE

APRIL 2025 – DATE

HEAD OF PHARMACEUTICAL SERVICES / HEAD OF LOGISTICS, GENERAL HOSPITAL BILLIRI

- Coordinate pharmaceutical services and logistics activities within the hospital.
- Ensure continuous availability of antiretroviral drugs (ARVs) and other health commodities through effective supply chain management.
- Supervise dispensing, patient counseling, and medication adherence support for People Living with HIV (PLHIV).
- Monitor inventory to reduce stock-outs, expiries, and wastage of HIV commodities.
- Support HIV/AIDS treatment, prevention, and quality improvement activities within the facility.
- Ensure accurate documentation, reporting, and timely submission of logistics and program data.
- Work closely with healthcare teams to improve patient outcomes and retention in HIV care.
- Provide leadership, mentorship, and supervision to pharmacy staff and healthcare workers.

AUGUST 2018 – APRIL 2025

PHARMACIST / ART FOCAL PHARMACIST, COTTAGE HOSPITAL BAMBAM

- Served as the ART Focal Pharmacist, coordinating HIV/AIDS pharmaceutical care and ART services in the facility.
- Dispensed antiretroviral medicines (ARVs) and provided adherence counseling to clients.
- Educated patients on proper medication use, side effects, and the importance of adherence to treatment.
- Managed HIV commodity logistics, reducing stock-outs and expiries of ARVs and related commodities.
- Maintained accurate patient refill records, bin cards, CRRF reports, and NHLMIS data entries.
- Coordinated quality improvement meetings to improve HIV treatment outcomes and patient care.
- Collaborated with clinicians, laboratory staff, and counselors to ensure quality HIV care services.
- Achieved excellent performance scores (90–94%) under the PBF-NSHIP program.
- Played an active role in improving pharmaceutical care and reducing medication-related toxicities among clients.
- Participated in HIV/AIDS trainings, mentorship, and public health interventions.

JUNE 2017 – AUGUST 2018

PHARMACIST, GOMBE STATE SPECIALIST HOSPITAL

- Provided pharmaceutical care and medication counseling to patients, including People Living with HIV (PLHIV).
- Supported safe dispensing and proper use of medications within the hospital.
- Conducted medication stock checks and ensured proper storage of medicines and health commodities.
- Worked with healthcare teams to support patient treatment and improve healthcare delivery.
- Assisted in maintaining proper pharmacy records and inventory systems.
- Participated in continuous professional development and healthcare trainings.
- Promoted patient-friendly pharmacy services and encouraged medication adherence.
